Sign Making

Sign Blanks

The ideal rigid surfaces for ensuring your labels are portable and long-lasting. With pre-drilled holes in each corner (except corrugated plastic), sign blanks can easily be hung on walls or secured to a variety of surfaces. Multiple labels can be affixed to sign blanks, adding to their usefulness. 2-way and 3-way signs are ideal for critical signs with visibility from multiple angles.

Bumper Guards

Facilities often have dangerous overhangs, sharp corners and protruding edges which poke, gouge or injure workers. Protect them from injury by covering these hazards with a rugged bumper guard designed for industrial applications.

Cushioned by recyclable polyurethane foam and surrounded by bright yellow safety stripes, a sturdy permanent acrylic adhesive adheres bumper guards to potential hazards. Choose from a wide variety of shapes and sizes to fit most common facility edges.
